Prayer Requests:

1. Continue to pray for Rae, for discipleship and spiritual growth.
2. Pray for Suzanne, for discipleship and spiritual growth.
3. Pray for open doors to further expand our midweek service.

As we look back in retrospect over the nearly four years of ministry in Australia, what we see is not one big success story. Instead we see a string of small successes that evidence the hand of God at work here. We have been privileged in taking part in the salvation of souls in Stafford where we originally started in ministry here. Names come to mind there, such as Elroy, Lauren, Angel, Tamba, and Mark. We were also privileged to take part in the baptism of Adele who had recently come to faith.

Since ministering in Nambour, we have seen a string of successes intermingled with the many opportunities for discouragement and frustration. God gave us the privilege of leading Rae to the Lord in April. Just in the last week, God allowed us the honor of leading another precious soul to the Lord. Her name is Suzanne. This happened during our home-based midweek bible study, which we have just restarted. We are now in the process of discipling these new believers.

It is always exciting to see new Christians hunger and thirst for the Word of God.

It is a joy each week to sit down with these ladies and study various aspects of the Bible that are especially relevant to them. They talk about having their friends come as well, so we trust God is going to grow this time we spend together.

One of the challenges of discipleship is unravelling the spiritual confusion that accompanies a new believer who had identified with a religion but had never truly been saved. Recent topics include personal holiness and baptism.

Midweek home-based Bible study with two recent converts

Unfortunately the attempt at starting a midweek service at Hibiscus Retirement Village did not pan out. We trust that as God closed that door, He will open others as He sees fit. *1Co. 16:9 For a great door and effectual is opened unto me, and there are many adversaries.*
