

THE DRUST FAMILY ALBANIA

SUMMER 2018

To truly know God we must first realize that God is in control of our lives and destinies and be willing to submit to His sovereign will. Psalm 46:10 tells us to "Be still, and know that I am God..." I have learned that to know Gods will requires patience, taking the time to be still and really know who God is. We are currently praying about some additional opportunities that God may allow us to be apart of in the future. **Please pray that we will know Gods will concerning these matters.**

ALBANIAN MISSIONS

My recent trip back to Albania was productive and challenging at the same time. However in the midst of logistically handling current ministry obligations I was blessed with the opportunity to meet with friends I had not seen in many years. I also had the joy of sharing the gospel with some of the merchants on our road. Our interns are progressing well and will soon be ready to start raising support. Their field locations are still a matter of prayer and have not yet been determined.

Please pray for Gods direction in the lives of these dear servants.

Two weeks after I arrived in Albania I received news that my 90 year old father was critically ill. He has aortic stenosis, and the valve must be replaced or he will die. So I had to return back to the US to handle all of my dads medical and financial affairs. **I would really appreciate your prayers in this matter.**

THE MACEDONIAN CALL

God has given us the opportunity to be a part of building His kingdom by sharing the Good News and proclaiming His love. It is an amazing experience to see people come to Christ in the country of Macedonia. God is greatly blessing the work in Tetevo. After years of planning and many months of hard work the new ministry center and church is now open.

Many people, especially those between the ages of 18-30 have shown great interest in our purpose and why we are there. As a result we have more than 20 signed up for English classes which is designed to not only teach the English language, but more importantly to present the Gospel message.

In addition to language classes we are also offering musical instrument lessons, guitar, violin and piano. This has brought in additional young people of all ages.

Trust is very important in the Muslim culture. This is established through relationship building. This process often begins by talking with people out on the street, or at a coffee shop where a gospel presentation is given.

Thank you for partnering with us,

The Drust Family
