

# THE HAS FAMILY

Dear Praying Friends,

June 2021

What a joy it is for Thy and I to get to report to you every month of all that God continues to do through our family, team, and ministry here in Cambodia. We sincerely appreciate your faithful love, prayers, and support. We desire much fruit that may abound to your account.

**Coronavirus and Cambodia:** As of June 28th, the total confirmed coronavirus cases for Cambodia is now at 48,532 with up to 556 confirmed deaths. Though not as severe as other countries around the world, we still continue to live under strict government restrictions throughout the country. Our ministry for the most part continues to operate online for the time being. This past month, we were able to tentatively start sharing the gospel in person, visit national believers, and also restart some discipleship again. Please continue to pray for our growing online ministry presence and Lord willing our returning to in-person ministry throughout the country. Please continue to pray for us to have wisdom, favor, and courage as we desire to do God's will!

**Boromey:** It is hard to believe that just a year ago, Boromey believed on the Lord Jesus! What a blessing it has been to personally witness her steady growth in her relationship with Jesus. Even though she often receives pressure from her parents (Hon and Sann) because of her unwavering faith in Christ, it's a joy to see the Lord use this for good as it has opened up a door for her to begin sharing the gospel with her mom, and also strengthen her commitment in obeying and following the Lord. This past month she was able to restart in-person discipleship with Thy. Please continue to remember her in your prayers for spiritual growth and the salvation of her parents!

**Michael's Salvation:** Thank you for praying for Michael. Since early May, I have been meeting with him for counseling and salvation study. It was such a blessing this past month to personally witness him call upon the Lord for salvation. Funny thing is, I remember going to church together with him in Long Beach, California, back when we were teenagers. For the past year he has been living in Cambodia, and like many other Cambodian Americans who have relocated here (willingly or unwillingly), it has been a struggle to say the least; the language, geographical, and cultural barriers can definitely take its toll on you. Please pray for his spiritual growth as we have begun meeting together for discipleship. Also, please pray for his girlfriend, Chan, to be saved.

**Upcoming Furlough:** It's been six years since we took a furlough. We are planning on being back in the States from August 2022 to January 2023. We would love to come and report to you in person of all that the Lord has done for our family, team, and ministry; the envisioned timetable for this will be from mid-August 2022 through mid-December 2022! If you are interested, the best way to connect with us is through this email: [Bounna.and.thy@gmail.com](mailto:Bounna.and.thy@gmail.com). Please pray for us to have wisdom in the planning and transitioning process, as we desire to glorify God and hope to be a blessing to many during this upcoming furlough.

Thank you so much for taking the time to read till the end. Please accept our deepest thanks for your faithful investment in our family, team, and ministry. May the Lord richly bless you!

With Grateful Hearts,

*Bounna & Thy Has*
