

Let us run with patience the race that is set before us, looking unto Jesus... Hebrews 12:1-2

Dear Pastor and Church Family,

God is so good to give us what we need and not what we want. This past month there was a substantial amount of work completed on our building, even though it rained quite a bit. Besides this construction work, we continued on with our normal services and ministries as usual. The only ministry we have not been able to resume is the chapel services at the hospital.

AUGUST 2020

Praise Report

- 1) Visitors
- 2) God's control
- 3) Time with family
- 4) Work on building

Prayer Requests

- 1) Unification of hearts
- 2) Lost saved
- 3) Wisdom
- 4) RU to reach more

At the beginning of July, we sealed our basement walls. (See Picture) There were several men and one younger man that came from southern Manitoba to help us. One of these volunteers is a carpentry instructor, and he led the project for us; which was a huge help. It was a very wet few days at the church and one in which we were quite muddy. The amazing thing, despite the rain, is that we were able to complete the project. The wall we needed to work on would be dry by the time the repairs were completed on it because the Lord redirected the rain to another side of the building. Our God truly controls all things.

to find before things got worse. God is so good to us.

One of the other projects at the church this month was the changing out of a number of interior and exterior doors. We received word that several of our doors needed to be changed by the fire inspector, and so the same lead on the basement led the door project. They did encounter some mould on one of the doors, but this was a blessing

With respect to the ministry and our outreach, we did have one lady attend our services as a direct result of our neighbourhood visitation. She said that she would be back with her daughter to attend our RU program, but we have not seen her back. I have followed up with her, but have not seen her again.

Later in the month of July, I had the opportunity of doing a viewing service for a gentleman from Split Lake. This service was a last-minute request from the funeral home where they wanted me to pray and minister to the family. Life in the north is certainly an exercise in flexibility.

For our church services, our frequent attenders have started to trickle back after the restrictions. In addition, we have seen some faithfulness from those who attend our RU program. Another highlight is reconnecting via social media with an individual whom I ministered to several years ago but lost touch with.

Thank you to all of those who continue to support us so that we can minister here in northern Canada. May you have a very blessed week.
